Children always Enjoy It.

SCOTT'S EMULSION

of pure Cod Liver Oil with Hypophosphites of Lime and Soda is almost as palatable as milk. Children enjoy it rather than otherwise. A MARVELLOUS FLESH PRODUCER it is indeed, and the little lads and lassies who take cold easily, may be fortified against a cough that might prove serious, by taking Scott's Emulsion after their meals during the winter season.

Beware of substitutions and imitations.

D. PRICE'S CREAM BAKING POWDER

MOST PERFECT MADE.

From the Professor of Chemistry, California College of Pharmacy.

SAN FRANCISCO, JANUARY 24, 1889.

I have made a careful analysis of a sample of Dr. Price's Cream Baking Powder purchased by me in open market. The results of my analysis show that the Cream of Tartar used in its manufacture is pure, and that it does not contain any foreign substances, such as Alum, Ammonia, Lime or other impurities. I consider it to be pure and wholesome, and in every way a superior article.

MILLER'S FUNERAL.

Largely Attended by the General Public.

STORM ON THE BRITISH COAST.

Gen. Boulanger Denounced as a Spenthrift.

An Express Messenger Kills His Wife and Attempts Suicide.

Justice Miller's Body at Home.
By Associated Press.]

KEOKUK (Iowa), Oct. 18.—A committee of citizens met the body of Justice Miller at Burlington and conducted it to Keokuk, arriving here at 9 o'clock. At the depot the honorary pall-bearers and various committees took the body in charge, which was escorted by Company A, Second Regiment, I. N. G., Torrence Post, G. A. R., the Guard of Honor and several thousand citizens.

The body was borne to the Federal building, which had been elaborately draped in mourning. The casket was conveyed to the court-room in which the dead Justice frequently presided, and was placed upon a handsome catafalque. The face of the beloved jurist was exposed to view, and during the few hours the body lay in state it was viewed by several thousands.

When the funeral services were held the public and private buildings draped in black presented a somber appearance. A high wind during the early morning destroyed many decorations. All along the line of march over which the funeral procession moved flags were displayed at half-mast.

Besides the distinguished gentlemen who accompanied the remains from Washington, many others assembled here to pay their last tribute of respect. The Supreme Court of the State was represented, and large delegations of attorneys from all the States included in the circuit presided over by the dead Justice were in attendance.

At 2 o'clock the funeral services were held in the Unitarian Church, of which the deceased had been a member. The church was entirely inadequate to accommodate even a small portion of the crowd about it long before the doors were opened.

The funeral procession, headed by the clergymen, moved up the central aisle, followed by the pall-bearers with the casket. In a few minutes the family entered with Chief Justice Fuller, a member of the State Supreme Court and various bar delegations. There were many handsome floral tributes.

The burial service was read by Pastor Hassall, followed by a prayer by Rev. McSwain. The funeral procession to the cemetery was the largest ever seen here, including officials, Court dignitaries, military and civic bodies, fire departments and citizens. The hearse was drawn by four black horses. The services at the grave were very simple, and the body was lowered and covered from sight forever.

A Probable Mistake.
By Associated Press.]

LISBON, Oct. 18.—The *Commercio Do Portugal* publishes a letter from Berne, declaring that a fleet of American war ships will arrive at Lisbon shortly for the purpose of demanding payment of the claims made by the United States for damages arising from the seizure by Portugal of the Delgoa Bay Railway.

Larceny Charge Withdrawn.
By Associated Press.]

NEW YORK, Oct. 18.—The complaint of larceny made against Charles E. Locke of the theatrical firm of Locke & Davis by James Barton Key was withdrawn to-day by the latter and Locke was discharged. Key caused Locke's arrest last night for passing a worthless check on him, but this morning he claimed he had made a mistake.

Charles J. Stewart, official receiver in bankruptcy secured injunctions restraining Mrs. C. V. E. Miller, her counsel and the Sheriff from attempting to collect on two drafts; one for £15,000 and the other for £10,000 on Brown Brothers & Company. Mrs. Miller is the wife of one of the members of the London banking firm of J. H. Field & Company.

An Evident Murder.
Special to the GAZETTE.]

STOCKTON (Cal.), Oct. 18.—A man apparently about 35 years old was found in the slough this morning by the men at work on a dredger off Webber Point. He had been stabbed in the neck and over the heart and the right hand pocket of the trowsers had been cut out. He had not been dead long, and doubtless had been in the water only a part of the night.

H. A. Mendenhall, who saw the body at the morgue, identified the deceased as a bookkeeper named Burns, whose christian name he thought was Delos. He said Burns had a wife in Stockton. An inquest will be held.

The Mississippi Constitution.
By Associated Press.]

JACKSON (Miss.), Oct. 18.—The Franchise Committee submitted a compromise report this morning which will undoubtedly be adopted. It provides that the terms of Auditor, Secretary of State and Superintendent of Education shall be extended until January 1, 1896; that at the general election to be held in November, 1891, for Railroad Commissioners, members of the Legislature, District Attorneys and county officers, the terms shall expire on January 1, 1896, and that there shall be a general registration in 1891 of all qualified electors under the new Constitution.

Boulanger a Spendthrift.
By Cable and Associated Press.]

PARIS, Oct. 18.—Naquet, for a long time Boulanger's most trusted supporter, but who abandoned the General, says the resources of the Boulangist party having become exhausted through the extravagance of the General, the Royalists, who were secretly supporting the Boulangist movement, collected 5,000,000 francs to secure the election of Boulangist deputies. Half of the fund was contributed by the Count of Paris. The Boulangists, however, secured only 1,300,000 francs, the remainder being diverted by Boulanger from the use to which the subscribers meant it should be applied.

The German Socialists.
By Cable and Associated Press.]

HALLE, Oct. 18.—The Socialist Congress has decided to nominate candidates to contest the elections held in Berlin, and also to hold a Socialist labor demonstration on the 1st of May next, and thereafter on the Sunday following the 1st of May of each year.

Decidedly Impulsive.
By Associated Press.]

BOSTON, Oct. 18.—This morning Daniel H. Wilson, an employe of the Adams Express Company, shot and killed his wife, and then sent a bullet into his own breast, inflicting a probably fatal wound. Probable Murder of a Whole Family.
By Associated Press.]

RACINE (Wis.), Oct. 18.—The skeleton of Ernest Schulter, who disappeared mysteriously with his two children in March, 1887, was found buried in the cellar of his former home to-day. No trace of the bodies of the children was found. It is believed the entire family was murdered and their bodies buried on the premises. A thorough search of the place will be made by the authorities.

Self Praise.

Self praise is no recommendation, but there are times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Allcock's Porous Plasters are the only genuine and reliable porous plasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them.

Be ware of imitations, and do not be deceived by misrepresentations. Ask for Allcock's and let no solicitation or explanation induce you to accept a substitute.

Allcock's Corn and Bunion Shields effect quick and certain relief.

Fryer's Abietine, natures remedy, obtained by distilling and exudation from the Abietine tree found only in the Sierras of California. C. B. FRYER. Sold by Wm. Pinniger.

Attention is called to the advertisement of the Democratic county ticket and that party's platform under "New To-day."

Mrs. Willard Shaff received the news yesterday of the sudden death of her father, E. Mallory, who in early days represented Douglas county in the Assembly. Deceased dropped dead while gathering his fruit crop.

A Hint to Ranchers.

The Genoa *Courier* says: Las Fall H. F. Danberg tried an experiment on utilizing straw for feed. In stacking the third crop of alfalfa he mixed the straw with it. The dry straw absorbs the moisture from the hay, greatly to the improvement of the latter. Mr. Danburg was highly gratified with the result of his experiment. When threshing his grain this Fall he will have three teams hauling straw and three hauling hay and mixing the two together in the stack. The third crop of alfalfa is usually harvested in cold weather when it is difficult to cure the hay. Many farmers might find it to their advantage to follow Mr. Danberg's example.

A Michigan Central Railroad Employe Wins His Case After Seven Years Contest.

While employed as agent of the Michigan Central Railroad Company, at Agusta, Mich., my kidneys became diseased, and from an impovished and impure state of the blood, my general health was entirely undermined. I consulted the leading physicians of this city and Ann Arbor, and all pronounced my case Bright's disease. In October last I began taking Hibbard's Rheumatic Syrup, and am to-day a well man. It affords me pleasure to render suffering humanity any good that I can, and I wish to say that I think it is the best blood, kidney and liver medicine in the world.

Catching at Straws.

The issues of the State campaign have been dwarfed by the course of the Democratic leaders and newspapers until all the questions involving the future growth and prosperity of Nevada have been lost amid the hair-splitting and bickering disputes on points that would not be considered worthy of notice in a ladies' sewing circle. With the State staggering under the burdens of a form of government far beyond her actual needs, with vast resources lying undeveloped which only need enlightened legislation to bring them out, with a decreasing tax roll and a shrinking volume of population, the energies of this great organization, which for a hundred years has commanded the support of half the nation, are devoted to the questions: "Does Mr. Colcord pay taxes on his property in the form of mines or as land? How far does he live from the California line? Did Mr. Winters really blow out the gas? And is John Sherman satisfied with the silver bill?"

The platform is full of hatred and denunciation, accusing a majority of the voters of this State of carrying on for a quarter of a century corrupt methods of government, of buying and selling votes, robbing the school fund, importing Senators, abusing the land laws, filling the offices of the State with demagogues and pretenders and putting the toga and ermine upon the backs of mountebanks and millionaires.

It offers no plan for the relief of the unfortunate conditions which severe drouth, hard winters, low prices and the failure to find new mines have produced, except the vague promise that if the Democratic ticket is elected the millenium will dawn.

A fine contrast is presented by the Republican plan of campaign. The platform and the ticket are all alive with the enthusiasm and hope of a general upbuilding and a rise of prosperity. It does not rely upon the methods of the common scold, but goes before the people with a well-digested plan for the reduction of taxes, and for the increase of wealth and population. It shows the people what can be done and what it will cost, and spreads before the voter the proofs that the State can safely use the means at its command to reclaim the large territory embraced in the State boundaries and place Nevada where she belongs among her Western sisters. The Republican ticket is in accord with this policy of hope as against the doctrine of hate preached by the Democratic apostles. Its candidates for Governor, for Surveyor General and for Controller have their hearts in the work, and the great needs of Nevada will not be lost sight of.

An English syndicate is buying woolen mills in New England evidently, expecting good business under the McKinley bill. It is a little remarkable how soon a British Free Trader becomes converted when he gets to this country and sees the practical working of Protection. He finds that he can pay good wages to well-fed, clad and housed working people and still make a profit instead of resorting to the "sweating system" of England.

Arrests continue to be made in Salt Lake and other places in Utah for polygamy. President Woodruff's proclamation does not seem to have taken effect yet. It is very probable that many of the saints will render grudging obedience and perhaps refuse altogether, especially in remote settlements. If the federal authorities do not trouble them they will not fear church discipline. The hierarchy will be blind on that side.

All lovers of a good government should take it upon themselves to see that Hon. R. R. Bigelow is elected Supreme Judge; they should make it a personal matter and poll every vote for him possible. The fight that is being made against him is cowardly and uncalled for and all good citizens should see that such tactics do not win.

All the Democrats have been able to say against Mr. Colcord is that his name does not appear upon the assessment roll of Esmeralda and that he is "Yerington's candidate." The first "charge" went up in smoke several days ago but that Mr. Yerington is giving Mr. Colcord a warm support no one will gainsay. Mr. Yerington probably represents as much property as any other individual in the State, and is as much entitled to his choice as any one else. Mr. Colcord is fortunate in having such a friend. Mr. Yerington is by no means an enemy of the State and has as much at stake as most any one else. While his vision is somewhat contracted, being usually within the confines of Ormsby county, he is a good friend of the State at large, and believes Mr. Colcord would make a better Governor for the people than Mr. Winters.

Are the farmers taking any interest in the proposition to start a creamery on the Meadows? Such a movement would make a market for lots of hay, and we think it worth while to give the matter some attention.

We are pleased to inform the public that Editor Kelly of the Silver State was a little better yesterday. He had but a five-line note about "Boss Yerington," and hopes are now entertained of his ultimate recovery.

Peculiar

In Combination, Proportion, and Process of preparation, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom.

Peculiar in strenght and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "100 doses one dollar." Other medicines require larger doses, and do not produce as good results as

Hood's Sarsaparilla.

Peculiar in its medicinal merit, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won the title of "The greatest blood purifier ever discovered."

Peculiar in its "good name at home"—there is more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers.

Peculiar in its phenomenal record of sales abroad, no other preparation has attained such popularity in so short a time. It

Is Peculiar to Itself.

Peculiar in the originality and effectiveness of its advertising, its methods are continually being copied by competitors.

Peculiar in the way it wins the people's confidence, one bottle always sells another.

Notice.

BEGINNING NOVEMBER 1st, 1890, THE monthly rates for Incandescent Electric Lights will be as follows:

EIGHT O'CLOCK CIRCUIT.

Power	10 cp	16 cp	20 cp	25 cp	32 cp
Rate	$0 95	$1 50	$1 95	$2 35	$3 00

TEN O'CLOCK CIRCUIT.

Power	10 cp	16 cp	20 cp	25 cp	32 cp
Rate	$1 10	$1 75	$2 20	$2 75	$3 60

TWELVE O'CLOCK CIRCUIT.

Power	10 cp	16 cp	20 cp	25 cp	32 cp
Rate	$1 25	$2 00	$2 50	$3 15	$4 00

RATE FOR RESIDENCES.

Where house is wired throughout the following rule will be used in determining rate, viz: The total candle power divided by sixteen, the result divided by three and the quotient multiplied by $1.50. Where only a few lights are installed the eight o'clock rates will apply. Where residences are occupied by more than one family, or boarders or roomers taken, special rates will be made, as this would call for an increased rate. Lodge-rooms, society or meeting halls, will be charged the ten o'clock rate, which rate will be divided by seven and multiplied by the number of nights used per week. To determine on which circuit a customer is, the following rule will be observed: Stores, shops or offices open no later than eight o'clock P. M., on the eight o'clock circuit; past eight and no later than ten, on the ten o'clock circuit; later than ten, on the twelve o'clock circuit.

The cause leading to this increase of rates of the incandescent lights has been brought about by the inability of this company to continue furnishing the light at the old rate and still maintain paying expenses. Under these circumstances, we either had to increase the rates or shut the dynamo down entirely. Each customer will be notified what his rate will be after Oct. 31, and can then notify the Secretary what action he will take in the matter.

A Ripe Old Age.

S. H. Holcomb and wife, of Belcherville, Texas, have celebrated their fifty-fifth wedding anniversary and are still hale and hearty. The secret of their long life and good health is that they correct any slight ailment promptly, and in that way avoid serious sickness. Like most every one else, they are more frequently troubled with constipation than any other physical disorder. To correct this they take St. Patric's pills in preference of any other, because, as Mr. Holcomb says, "They are a mild pill and, besides, keep the whole system in good order. We prize them very highly." For sale by Shoemaker & Co., druggists.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all hat is claimed. Stimulate the Blood.

Brandreth's Pills are the great blood purifier. They are a purgative and blood tonic, they act equally on the bowels, the kidneys and the skin, thus cleansing the system by the natural outlet of the body—they may be called the purgative suporific and diuretic medicine. They stimulate the blood so as to enable nature to throw off all morbid humors, and cures disease no matter by what name it may be called. One or two of them taken every night will prove an infallible remedy.

Brandreth's Pills are purely vegetable, absolutely harmless and safe to take at any time.

Sold in every drug and medicine store, either plain or sugar coated.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm It is the finest medicine ever made." Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of lung roubles; was given up by doctors; am now n best of health." Try it. Sample bottles free at Pinniger's drug store.

There may be persons in this community who are at times troubled with colic, or subject to attacks of bowel complaint. If so, they should try Chamberlain's Colic Cholera and Diarrhœa Remedy. It will afford almost immediate relief, and when reduced with water is pleasant to take. If taken as soon as the first indications of the disease are felt it will ward off the attack. Many people use it in this way, and find that it never fails them. A 25 or 50 cent bottle may be obtained from Shoemaker and Co.

The Place to Buy.

COMMUNICATED.

The Prohibition Party and its Platform.

The organization of the Prohibition party of Nevada on Wednesday last was an event fraught with great consequences for the future welfare of our State. Though weak numerically at present, it is no doubt the coming party of the near future. It is the first political party in Nevada to lift up the voice of protest in the name of suffering humanity against the liquor traffic, which has so long dominated politics and dictated the policy of both the Republican and Democratic parties in our State—who walk arm and arm with it, bestowing their sweetest smile and fondest caress, vieing with each other in praising the beauties and exalting the virtues of this painted sorceress that seduces men from the paths of sobriety and virtue. Many good citizens have long waited for the parties to espouse the cause of sobriety and morality, but have waited in vain—conscientious men feel that the time has come when they will no longer vote to perpetuate the saloon, whose only mission is to debauch and degrade, to make sober men drunkards, industrious men idlers, to destroy health, home, happiness: all, indeed that is valuable and worth possessing. Both the Democrat and Republican parties uphold the saloon, and through them it is licensed. To vote the ticket of either means to continue to license it. To license it means to become a partner with it and share its vile profits and also become responsible for every drunkard made and every crime committed through its influence. No man possessing a sense of right can do this. For him there is no alternative but to vote with a party that will not license, but put it away. In great part this is the mission of the Prohibition party. But it aims to do more. It proposes giving the people a clean government, one free from boodle and corruption, which prevail so largely in the old parties and have brought the name of Nevada into reproach. The State ticket nominated in not yet complete.

M. E. Ward of Reno, one of Nevada's honored business men, is the nominee for Congress. No doubt exists in the public mind about his being a taxpayer and as to whether he is fully identified with the interests of the State. His long residence among us forever settles that question. A son of Maine, a man of sterling worth, exemplary character and large business capacity, he will fill with credit to himself and honor to the people the position of Member of Congress, if elected. Upon one thing our fellow citizens can depend, when it comes to the question of standing for the right, he will be found as immovable toward wrong as the granite hills of his native State.

J. R. Hammond of Tuscarora, a gentleman possessing a fine education and business talent, who is the nominee for Secretary of State, will fill the position, if elected, with credit. All that has been said of Mr. Hammond will apply to A. W. Chenoweth of Winnemucca, candidate for State Treasurer; also to C. H. Gardner of Mason Valley, nominee for State Printer.

Much can be said in praise of the men whose names have been placed on the county ticket. Captain Frank Cook, an old resident of Washoe county, well and favorably known, will discharge the duties of State Senator with fidelity if elected to fill the position. The Captain is a rustler and will do all he can for the good of Nevada.

For the Assembly the names of three men of sterling worth appear. Level headed, honest, capable, well known and chosen from the class who bears the heaviest burden of taxation; I speak of the farmers of Nevada, J. C. Haffies, Reuben Hoag and W. H. Haines, who will serve every true interest of Washoe county, in a manner that will be fully satisfactory. The people need have no fear of any lottery scheme being foisted upon them while they have such men in the Legislature to represent them; neither of jobbery or dishonesty; nor will they have to pay another $150,000, as they were compelled to do by our last Legislature, for the privilege of voting out a branch of the Louisiana lottery.

For County Commissioners the names of Abraham Banta and Eli Morrill are a sufficient guarantee that the business of the county will be conducted with honesty, economy and ability. More than this need not be said, and more than this the people do not require. The election of these men means prosperity for Washoe county.

J. G. Westlake, if elected to fill the office of Sheriff, will make a thorough, efficient and conscientious officer, as will also J. Stiner, the nominee for Assessor, and M. J. Turney, nominee for Treasurer, all of whom are capable, trustworthy men.

The Prohibition party has been the first to place a woman in nomination for public office—the name of Mrs. C. B. Norcross, for School Trustee (short term). Mrs. Norcross is a lady of intelligence and refinement, and one that has a deep interest in the cause of education, and would honor any position to which the people may elect her. They will serve their educational interests by giving her their votes.

E. W. Taylor is the nominee for Justice of the Peace in the town of Reno. He formerly resided at Greenville, Cal., where he filled the office of Justice acceptably, but has resided for several years in this county, where he is well and favorably known. Judge Taylor would fill the office satisfactorily, because capable, and would hold the scales of justice evenly balanced, giving to all their dues.

H. F. Pavola, the nominee for Public Administrator, would fill that position with the utmost satisfaction to the people.

Alex. Backus, nominee for Constable, is a young man of integrity and honor, and above reproach. He is just the man the people need to arrest offenders and protect peaceable citizens against robbery or violence.

This ticket appeals to the confidence of every good citizen, and will no doubt received on election day the warmest support of every man who has the best interests of the State at heart.

The Prohibition party, by its representatives in convention assembled, recognizing Almighty God as the source and power of human government, declares:

First—That the traffic in intoxicating liquors as a beverage is the prolific source of poverty and crime; that it fosters idleness, vice and all that is inimical to the happiness of the individual, the purity of the home and the moral and financial welfare of the State.

Second—That we are unalterably opposed to any law, by whatever name it may be called, that legalizes this traffic, and maintain that the policy of the Government should be that of its entire prohibition by laws faithfully enforced, to which policy the Prohibition party stands uncompromisingly committed.

Third—That we endorse the platform of the National Prohibition party.

Fourth—That retrenchment and a wise economy in the administration of our public affairs are imperatively necessary, and to this end we favor the calling of a convention at the earliest day to amend our State Constitution.

Fifth—We are unalterably opposed to mono-metallism and favor the free and unlimited coinage of silver.

Sixth—We favor such legislation, State or National, as may be necessary for the storage of our waste waters for the use of the people in the reclamation of our arid lands.

Seventh—We deem a pure ballot and a fair count as necessary to insure the perpetuity of our system of government, favor the introduction of the Australian ballot system and the disfranchisement for all time of men who, directly or indirectly, buy or sell votes.

Eighth—We favor only the rule of the people, and stand unalterably opposed to ring rule, bossism or the control of the State by corporations.

Ninth—We deem a tariff for revenue, adjusted so far as is possible to enable American industry to compete with that of Europe a necessity, but do not deem it less essential to protect the wage earner and toiling masses from the competition of cheap foreign labor.

Tenth—That the School Fund of the State should be held inviolable as a sacred trust to be used only for the furtherance of the cause of education.

Eleventh—That we deprecate and condemn the action of our last Legislature in trying to fasten upon the State an infamous lottery scheme, much to the detriment of its morals and general prosperity, and we pledge ourselves to oppose by every lawful means all that would hinder the moral and general welfare of the people or further tarnish the name of our State.

Twelfth—We favor only the election for public office of men of honesty and moral principle and men whose interests are fully identified with the interests of the State.

THE MEETING AT WINNEMUCCA.

An Enthusiastic Crowd and Large Attendance to Listen to Mr. Newlands.

The meeting held at Winnemucca on Wednesday night by Mr. Colcord, Mr. Newlands and others was one of the best of the campaign. A large number of ladies were in attendance, and good order and good feeling prevailed. Mr. Newlands made a close and concise argument in his presentation of the status of the two parties in National affairs, reviewing the tariff and silver questions.

In discussing State politics, he brought out the vindictiveness and hate shown by the Democratic platform, and the hope and encouragement of the Republicans. He referred to Mr. Colcord as a man in whose armor no blemish could be found. Considerable of Mr. Newlands' speech was devoted to State improvement, which he showed would not be confined to the western part of the State, but would include the Humboldt and the entire eastern part of the State as well. He argued that this matter was much safer in Republican than any other hands, as that party had never failed to carry out any progressive measure to which it had been committed.

Mr. Colcord was warmly received by the public generally, as well as on the platform, and he is rapidly removing the imputation that he is not generally acquainted by becoming the best known man in the State.

General Jones found himself among friends, and Mr. Egan said he was Pike's lone Irishman who need not apply, but he was going to get there just the same.

The famous band discoursed patriotic airs, and contributed much towards the success of the evening.

Humboldt county is in good shape, and there is no danger of a break in the Republican ranks. There are no signs of unusual weakness anywhere on that ticket, and no enthusiasm for the Democratic ticket.

BREVITIES.

Local and General Intelligence.

It has been a sickly season at Wadsworth.

Some of the candidates on the Republican ticket visited Verdi to-day.

Last evening there were 1,116 names on the registry of Reno township.

During the balance of the campaign the Elko *Free Press* is to be run as a daily.

This morning at Verdi, Charles H., the son of James and Maggie Sproule died of Typhoid-pneumonia.

John A. Johnson, who in 1880 represented Douglas county in Assembly, died in Michigan a few days since.

The San Francisco *Chronicle* has a man at Wadsworth who interviews all passengers and gives each a copy of the paper.

James Stanaway has been given charge of the Reno yard, vice, Frank Porter, who was so terribly injured a short time ago.

Mexican war veterans are requested to attend the funeral of their late comrade, C. W. Wellman, a notice of which will be seen in another column of this issue.

The continued irrigularity at Ogden of Union Pacific trains indicates there must be something in the charges of certain papers that the above road is in bad condition.

The register of the Clarendon Hotel plainly shows from its full list of guests, that both the resident and traveling public heartily appreciate the management and menu of this fine house. Tomorrow the Clarendon will spread a table that will make the mouth of a gormand water. So replete will it be, with the choicest meats and delicacies of the market, erved up by a first-class chef.

A GREAT CAMPAIGN.

The Colcord, Newlands, Jones and Egan Company Doing Good Work.

A meeting remarkable for good feeling, as well as interest, was held at Battle Mountain last evening. It was opened by Mr. Blossom a member of the State Central Committee, who introduced Mr. Newlands. The latter spoke for an hour upon the great questions of the day, making so clear a presentation of the case that no answer was possible, and the only way the Democratic papers and leaders can meet it is to forget or distort some of the statements. The tariff and silver questions, State improvements, the two platforms and the Republican candidates were all dwelt upon in that straightforward and concise manner for which Mr. Newlands is noted.

Mr. Colcord was exceedingly well received, and his summing up of the opposite ticket, "But they are all Democrats!" brought down the house, and such expressions as "That's enough!" "That settles them!" etc., ran through the house.

Mr. Jones and Mr. Egan responded to their names, and made friends of the audience at once.

R. L. Fulton spoke of the work of the conventions, saying that his county went in with a candidate for the leading office, but the Republican Convention chose another standard bearer. Washoe, however, did not sulk, but was at work for the whole ticket, and at a meeting on Monday night Mr. Powning made a patriotic speech in support of Mr Colcord and his associates. He said it had been reported that Mr. Powning was coming out into the great East to enter the canvass and he hoped he would.

Mr. Truman, candidate for District Attorney, followed him.

J. R. Farrell, who is in charge of some mines near by, responded to a call and took his hearers by storm in a speech worthy of Tom Fitch. He showed that mining in America owed everything to the Republican party. Every law for its protection and preservation, every decision defining the rights of miners, every ruling giving rights on public lands came from Republican Congresses, Judges and Executives. The whole tradition and practice of law, from the days of the Medes and Persians down through the Roman law, the old common law, and all modern practice were overthrown in the famous case of the Yellow Jacket mine, in which Jere Black and Thomas O'Connor were opposed by Senator W. M. Stewart, who held that the rule that a trespassor could not be ousted by a party in possession if the title still remained in the Government. A Republican court decided in Mr. Stewart's favor, holding that the miner in Nevada had a new common law and was entitled to the right of possession and protection. Mr. Stewart's law, a few words long, passed in 1866, set the miner on his feet and made him the owner of his property. It was amended in 1872 into the law we now work under, and until a Democratic administration brought Wm. A. J. Sparks into authority as Commissioner of the General Land office the miner had his right. That official was so prejudiced and arbitrary that he ruled against the miner everywhere and treated him like a thief. Now again we are under the beneficient rule of a Republican administration and any man can get his rights.

Mr. Farrell drew a word picture of the miner pioneering the western mountains, of the mine itself, and of the cities an industries it has built up and sustains. The young folks remained and all hands joined in a social dance, until a supper at Mrs. Huntsman's in the "wee sma hours" closed the festivities.

We, the undersigned merchants, hereby agree to close our respective places of business on Sunday, October 19, 1890, and keep closed on every Sunday thereafter until the first Sunday in May, 1891. We take this step believing that employer and clerk need one day of rest or recreation out of seven. Constant attention to business is a strain mentally and physically that no man can afford to encourage, which, if he follows up, some scribe, who rests one day in the week, will be writing an inscription for his monument: "A poor, overworked grocer or grocer's clerk."

THIRTY YEARS' PRACTICE

A Letter from an Eminent Physician.

Mr. Editor: At the risk of indorsing a proprietary preparation, I have a few words in favor of a new laxative principle. But first, how I came to discover it. A patient asked about taking Joy's Vegetable Sarsaparilla. As sarsaparillas usually contain mercury or iodides I objected, and asked for the formula, which finding purely vegetable, and so mild as to be to my mind almost inert, I consented. Imagine my astonishment when perfect laxative action was reported. It has two great points. *First*, being purely vegetable, it is (unlike mercury) not cumulative in the system, being easily carried off by the digestive processes; and *second*, it is effective with a less quantity of the cathartic principle than has hitherto been attainable. It in this respect ranks as a discovery, and approaches the ideal, viz.: the least medicine consistent with the greatest good. It harmonizes natural laxative action and perfect safety, and should interest both the public and the profession.

THE DEMOCRATIC PLATFORM.

Recognizing the true worth and straightforward manner in which the Democratic State Convention, held in Reno, September 12, 1890, presented to the people its platform, and the completeness of its scope, we reassert the principles therein contained, and indorse it as a part of the platform of this Convention.

We lay especial stress upon the doctrine of the election of honest and capable citizens of the State and county to office; of securing a free and intelligent exercise of the ballot; of restraining corporative abuses and usurpations; of adjusting and equalizing taxation, and of perpetuating the fair and honorable name of Washoe county.

We utterly repudiate the idea that to be successful in sustaining our principles we should bow down and worship the golden calf.

In particular we indorse the Democratic State platform in denouncing the present ill-advised and impracticable law passed by a Republican Legislature, requesting the use of waste water for irrigation, and for setting the priority of right thereto, and demand the repeal thereof.

We pledge the nominees of this Convention to the economical and honest administration of the offices of both State and county.

PLATFORM & RESOLUTIONS

Adopted by the Republican State Convention held at Virginia, Nevada, September 4, 1890:

The record of the Republican party is a great platform.

No political party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of State as to encourage the development and settlement of a continent, none has so elevated a nation and so contributes to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the representative of all that is best and noblest in its own country and the hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its homestead system and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The deeds of its heroes are legion, and deeds of Fremont, Lincoln, Grant, and Garfield will shine like electric lights on the pages of history.

The Republicans of Nevada, in convention assembled, heartily indorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressmen are paid by the people for making good laws and not bad politics.

It had, by a strict party vote, placed the silver question on a basis that will lead naturally to free coinage and disarm all opposition among financiers.

It has taken up the work of a readjustment of the tariff in a patriotic and business like way, such as will protect the interests of labor and at the same time encourage capital and enterprise that will furnish it with employment at good wages.

New States, which were denied their rights before, have been admitted to the Union, and the grip of Tammany Hall upon the Presidency broken.

Trusts that grew rank under Cleveland's Administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of free homes and free schools can be extended.

Unearned land grants are being restored to the public domain and the land thrown open to settlement, and in all things the pledges of the National platform are being amply redeemed.

We indorse the administration of President Harrison, and commend his conservative course as striking in contrast with his predecessor in office.

During the former Administration silver and wheat touched the lowest price ever known, and farmers burned their corn for fuel. Trusts were stimulated, finances disarranged, strikes prevailed, the mail service was demoralized, and business found itself oppressed instead of being encouraged by the methods of the Government whose whole business should be to benefit the country.

To-day silver, wheat, lead, and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity, they are culpable for the results of blunders as they would be for crimes. Under Harrison, Chinese and contract labor are kept out of the country, American laborers and mechanics protected, agriculture is encouraged by a department intelligently conducted for its benefit, and the laws administered in a wise, firm and patriotic manner. In presenting this ticket to the voters of Nevada, the Republican party pledges its nominees to retrenchment wherever it is possible in county and State expenditures.

We pledge our nominees to a system of State improvements which shall save the water now running to waste, and devise means to secure its use in the irrigation of the fertile lands now lying idle.

We indorse the measure introduced by Senator Stewart proposing to cede the lands within our lines to the State for the purpose of aiding to improve our water storage and irrigating systems, and we appeal to Congress and the President to grant this much-needed aid.

We indorse the course of our Senators and Representative in Congress, and commend their efforts to establish on a better basis the use of silver as money, and we reaffirm our uncompromising demand for the free coinage of both gold and silver and their equal station in our national currency.

Whereas, The practice of letting mail contracts in this State to non-residents thereof, who seek and obtain such contracts only for the purpose of subletting the same, has resulted in an inferior and impaired mail service;

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of a naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free ballot and a fair count, cherishing the defenders of our country, the protection of every citizen in his rights at home and abroad, the fostering, of a policy that will extend our commerce the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That as at the coming election the question as to whether or not a constitutional Convention will be held is to be submitted to the people, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and possible retrenchments in public affairs, and especially in dispensing with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, decreasing the per diem and mileage and shortening the session and lessening the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to this end we pledge the nominees of this convention, and earnestly ask that the nominees of the several county conventions be likewise obligated.

THE APPLE.

A Fruit Which Has an Ancient History.

All the Year Round says: The virtues of the apple as a fruit have been celebrated from time immemorial and few fruits have so many legends associated with them. The garden of the Hesperides was the garden of the golden apple, just as our Avalon is the Isle of Apples. "Of all fruits," it has been written, "the apple seems to have had the widest and most mystical history. The myths concerning it meet us in every age and country. Aphrodite bears it in her hand, as well as Eve. The serpent guards it; the dragon watches it. It is celebrated by Solomon; it is the healing fruit of Arabian tales; Ulysses longs for it in the gardens of Alcinous; Tantalus grasps vainly for it in Hades; In the prose Edda it is written: 'Iduna keeps in a box apples, which the gods, when they feel old age approaching, have only to taste to become young again. It is in this manner that they will be kept in renovated youth until Ragnarok—the general destruction.'

"Azrael, the Angel of Death, accomplished his mission by holding his nostrils; and in folk-lore Snowdrop is tempted to her death by an apple, half of which a crone has poisoned; but recovers life when the fruit falls from her lips. The Golden Bird seeks the Golden Apples of the King's garden in many a Norse story; and when the tree bears no more, Frau Bertha reveals to her favorite that it is because a mouse gnaws at the tree's root. Indeed, the kind mother goddess is sometimes personified as an apple tree, but oftener the apple is the tempter in northern mythology and sometimes makes the nose grow, so that the pear alone can bring it to moderate size."

Retaliation Threatened.

Canadian contractors, who are debarred from participating in public contracts in any of the United States, while United States contractors have full run of public contracts on the Canadian side of the line, are agitating for a meeting to discuss this question, and to devise means for self-protection.

A Stringent Provision.

The Mississippi Constitutional Convention has adopted an anti-lottery section. It reads: "The Legislature shall never authorize any lottery, nor shall the sale of any lottery tickets be allowed, nor shall any lottery heretofore authorized be permitted to be drawn upon tickets sold therein.

A Labor Organizer.

Lady Dilke, wife of Sir Charles Dilke, is taking active interest in labor organization in England, and has recently addressed crowded meetings of women. She urged them to form unions, but warned them against deserting the cause as soon as their wrongs had been righted.

A Prosperous Institution.

About three years ago seven men in Perry paid $1 each to start a savings bank, says a Georgia exchange. The bank is now operated under a State charter, is located in a building owned by its stockholders, and during the last twelve months over $250,000 of business was transacted through its Cashier.

Recovered Damages.

Mary Ann Wood, aged 16 years, has been awarded $2,000 damages against the Chattanooga, Rome & Columbus Railway Company because a conductor put her off a train at night, compelling her to walk through a mile of forest to reach her home.

The Cape Cod Canal.

The Cape Cod Canal at Sandwich is pestered with claims, and there is no money to go on with the work of digging, which has been suspened for almost a year past. It is expected that a new company will take up the work by and by.

Syrup of Figs.

Produced from the laxative and nutritious juice of California figs, combined with the medical virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

The Best Man in the World.

Well, if not positively the best, one of the wisest is he who checks disease at the start in his own system. In preserving or restoring the heaven-granted gift of health, he deserves profound consideration. His example is worthy to be imitated. The complaints which afflict us are largely attributable to a want of tone in the stomach, either inherent or inflicted by ourselves upon that much absurd repository of the food that should nourish us. What is its requirement in adversity? A wholesome tonic. None so good, if we rely upon experience and testimony, as Hostetter's Stomach Bitters. Unmedicated stimulents won't do. Regulation as well as invigoration of the digestive viscera, is not to be effected by these. Through the agency of the stomachic named, strength of the entire system is retrenched—dyspepsia and biliousness overcome. Malarial, kidney bladder and rheumatic complaints are eradicated by this salutary reformer of ill health.

A Cure for Sick Headache.

This distressing complaint is due to an inactive or sluggish liver with constipated bowels which derange the stomach and disturb the nervous system, causes dizziness and an oppressive dull pain in the head, often so severe as to prevent all rest or sleep. One of Dr. Gunn's Improved Liver Pills will relieve you of all the pain and misery and a few more doses will correct the liver and stomach and regulate the bowels. While these pills are small, easily taken, and mild and gentle in their action there is no medicine made that will so effectually cure sick headache. 25 cents a box. Sold by S. J. Hodgkinson.

A Sure Cure for Piles.

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blind, bleeding and protruding, yield at once to Dr. Bosanko's Pile remedy, which acts directly on the parts affected, absorbs tumors, allays itching and effects a permanent cure. 50c. MISCELLANEOUS.

The equivalent, in English money, of $2,500 was once offered by an old lady in London for the return of a favorite cat which had strayed or been stolen. People called her a "crank," and perhaps she was. It is unfortunate that one of the gentler sex should ever gain this title, yet many do. It is, however, frequently not their fault. Often functional derangements will apparently change a woman's entire nature. Don't blame such sufferers if they are "cranky," but tell them to use Dr. Pierce's Favorite Prescription, which is an infallible remedy for "female weaknesses."

"Favorite Prescription" has cured thousands of poor, bed-ridden suffering women of "female weakness," painful irregularities, ulcerations, organic displacements and kindred ailments too numerous to mention. It is the only medicine for women, sold by druggists, under a positive guarantee that it will, in every case, give satisfaction or the price ($1.00) will be refunded.

A WOMAN'S UNPARDONABLE SIN.

It is surely an unpardonable fault, if not sin, for a woman to neglect her personal appearance. All women cannot be beautiful in every particular, but every woman may be cleanly, sweet, attractive and lovable. A few golden freckles on a sun-kissed cheek may not detract from beauty, but there is no excuse for the woman who, through ignorance or neglect, allows her face to retain for very long such hideous blemishes as sallowness, moth patches, blackheads or pimples. It is not difficult to understand why the face grows dark or shows other blemishes while all of the rest of the body remains perfect in appearance. The face being the outlet of expression for the body, all the ill conditions hang their flag upon it. The face is constantly exposed to climatic changes, all the impurities that float in the air are free to settle upon it, and by mixing with the sebaceous secretion they enter and clog the pores. Again, the face has not the benefit of the constant friction which our clothes gives to other parts of the body. Injurious cosmetics are also too often the cause of a thick, murky complexion. These are acknowledged facts and prove the necessity of proper care and attention to simply keep the complexion perfect. If it has already become imperfect it requires proper treatment to restore it.

Mrs. Gervaise Graham's Face Bleach

Removes sallowness, sunburns, freckles, moth patches, pimples, indeed, all blemishes lodged in the skin, but does not bleach from the face the natural rosy color. Freckles, moth patches and other discolorations are dissolved; blackheads, flesh-worms and all impurities of the pores are brought to the surface, where they dry and fall off with the old cuticle which gradually flakes off by rubbing the face gently with a towel. The Face Bleach is also a perfect cure for a course or stippled skin, as the old cuticle is entirely but gradually removed. While the old skin is thus being disposed of the new cuticle is forming, soft and smooth, pure and clear, and fine as that of an infant. Face Bleach is not a cosmetic, but a remedy which is to be discontinued when the disease is cured. It is frequently recommended by physicians to their patients. It contains nothing deleterious to the more delicate skin. From one to three bottles are required, according to the severity of the case. Price per bottle, $1 50. Send stamp to Mrs. Gervaise Graham's establishment, 103 Post street, San Francisco, for her book, "How To Be Beautiful."

Cucumber and Elder Flower Cream.

Cucumber and Elder Flower Cream contains all the cleansing and purifying qualities possible. It also makes the skin beautifully soft, pure and of a satin-like texture and bloom, and keeps it free from wrinkles. It is composed of milk of almonds, cucumber juice and elder flower cream and contains no vaseline, animal fat glycerine or other substance which would in any way injure the skin or cause a growth of hair on the face. No lady's toilet is complete without this meritorious article. Price per bottle, $1. This and other of Mrs. Graham's preparations for sale by MISS EMMA G. GILES, Reno, and by leading druggists, everywhere. jy24yl

THE PLATFORM:

The Republicans of Washoe County, in convention assembled, renews its pledges of faith in, and allegiance to the doctrines and principles of the Republican party, which in the future, as in the past, will continue to vouchsafe to the people the broadest and most enlightened freedom, consistent with safety to the State, and the perpetuity of our form of Government.

We most heartily endorse the platform adopted by the Republican State Convention at Virginia City as a manly and conservative declaration of principles suited to the necessities and demands of the people of this State, and strangely in contrast with the billingsgate and ribaldry of the Democratic indictment which was presented by the Grand Jury of that party, in their recent State Convention.

We recognize in our delegation in Congress, Hons. John P. Jones, Wm. M. Stewart and H. F. Bartine, able and efficient public servants, who have been untiring in their efforts to promote the interests of the people of Nevada, as well as those of the whole country; and we desire to accord to them that full meed of praise which their valuable services so pre-eminently merit.

That we commend the wise and conservative administration of President Harrison, who has redeemed the pledges so solemnly made to the people in the National Republican Platform, and has fully justified the confidence reposed in him by the suffrages of the American people.

We endorse the action of the Republicans in Congress in increasing the tariff on wool, so as to encourage the production of staples hitherto imported, which Grover Cleveland, in a special message recommended to be placed on the free list; and in the passage over Democratic votes, of a silver bill which has increased the value of the product of our mines more than ten million of dollars, added seventy-five million to the value of our wheat crop, one hundred million to the oat crop, and two hundred million to the corn crop of the United States.

It is with profound sorrow that the Republicans of Nevada received the news of Hon. C. C. Stevenson, late Governor of this State. We deplore his loss in the counsels of the party, where he was ever ready by word and deed to advance her interests in every honorable way; and the whole people of the State have been deprived of the services of an honest and conscientious public servant, his family of a kind, indulgent and effectionate husband and father; and to the bereaved members of his household we extend our most profound and sincere sympathy.

It is the sense of this convention that the best way to promote and foster the upbuilding of Nevada is to provide and maintain good government, with a system of low taxation, and to this end we favor the most rigid economy in every department of the public service and the enactment of such legislation as will secure to the people of the State the light-st possible burdens, without material injury to the administration of affairs.

We demand that the membership of the Legislature be reduced to forty, their per diem to be six dollars per day, and their mileage to actual and necessary traveling expences in going to and from the State Capital.

We are in favor of the donation of the public lands to the State to be used for a basis of water storage and reclamation; at this same time we call attention to the fact that a large portion of our previous grant is much exhausted, and can be used for these purposes without waiting for additional appropriations.

We are in favor of the use under wise plans and safe management of the large fund lying idle in the State Treasury in a way to quicken it into life and start it through our great valleys, reclaiming one after another, making homes for new citizens and adding to our taxable property; and we recommend that our Senators and Assemblemen give this matter their careful attention adopting the system which promises the greatest good to the State, giving it their solid support.

We are in favor of the acquisition, either by State or county, of the control of the water storage sites of the Truckee basin, so that they may in time be made useful to the public, without the possibility of their falling into the hands of private monopolies.

We are opposed to bonding Washoe county for any purpose until the question is first submitted to the qualified electors of the county or district upon which the bonds are to be issued, for their approval or rejection.

It is the sense of the Republicans of Washoe county that a Constitutional Convention is necessary in order to secure such reforms in the public service as our small population and material resources demand; and we therefore most earnestly urge upon the voters of this county to cast their ballots in favor of such a convention at the coming election.
